Notes: \*DM = Dixie Meadows – area north of the DVTA; EA = proposed expansion area (i.e., all areas listed by column include the existing range area and the proposed expansion area. Records from Horse Creek are included within the DVTA column. For those species that do not have an area checked in the occurrence column, these records are from the NAS Fallon INRMP (i.e., source #5) and the location of the sighting record is not given, only that the species has been documented on NAS Fallon-administered lands.
