

**The U.S. Navy  
INVITES YOU TO PARTICIPATE  
in the Fallon Range Training Complex Modernization  
Environmental Impact Statement Scoping Process**

In accordance with the National Environmental Policy Act, the Navy is preparing an Environmental Impact Statement (EIS) to assess the potential environmental impacts of modernizing the Fallon Range Training Complex (located near Fallon, Nevada), which would include land range expansion through additional public land withdrawal and land acquisition, airspace modifications, and public land withdrawal renewal.

Modernization would provide the realistic training capabilities needed to meet changing aviation and ground training requirements, while maintaining and enhancing the safety and security of local communities.

**Public Involvement**

The Navy requests public input in identifying the scope of environmental issues and viable alternatives to be considered in the EIS. Comments will be accepted during the public scoping meetings, online at the website address below, or by mail to:

**Comments must be postmarked or received online by Nov. 25, 2016, for consideration in the Draft EIS.**

**Public Scoping Meetings**

Each of the seven scoping meetings will begin with a brief presentation about the project, followed by an open house with information stations staffed by Navy representatives.
